

Creative/Clinical/Professional Supervision

Supervision is a reflective space to consider your practice and its impact on you, in the presence of a qualified supervisor.

We believe

Supervision is ongoing self-care and professional development to advance career and ensure proper practice.

We are offering supervision sessions for:

- those who are working towards registration as an expressive arts therapist
- practising as a creative/expressive arts therapist
- other helping professionals in the voluntary/private/public sectors

Supervision Content:

- Case discussion and reflection
- Project planning and proposals
- Exploration of solutions for therapeutic dynamics
- Refine arts facilitation skills
- Integration of theory and practice
- Consideration of ethical and practical issues

Format:

One-on-one or in small groups

Supervision can be conducted face-to-face or online,
Including email consultations, topic discussions
sharing of articles related to clinical practice, etc.
